

## RELEASE OF LIABILITY FOR DAMAGES

I understand that the trucks and related equipment used by Warehouse Options, Inc. in the delivery, placement, setting, use, servicing, pick-up and retrieval of the Storage Unit, can potentially cause damage to yards, landscaping, irrigation lines, sidewalks, driveways, patios or other surfaces on which those trucks or related equipment travel.

By signing below, I agree to indemnify and hold Warehouse Options, Inc., its assigns, employees, officers, directors and agents, harmless against any claim of loss, damage, penalty and expense, including attorney's fees, or claims that allege damage to property, or injury to persons resulting from, but not limited to, the delivery, placement, setting, use, servicing, pick-up and retrieval of the Storage Unit.

When requesting the truck to come onto private property, I accept responsibility for any charges incurred in removing the truck from said property in the event it becomes stuck, including (but not limited to) wrecker and/or towing fees.

This indemnification provision shall survive the termination and removal of the Storage Unit.

I agree that the terms of this Release of Liability for Property Damage shall be governed by Colorado Law.
